

CLIENT LIST

Pattillo industrial real estate is a privately held industrial real estate development operation based in the Southeast United States, specializing in the development, acquisition, and management of distribution and manufacturing buildings for our valued customers. Over 1,000 buildings and expansions have been developed since 1950, totaling 70,000,000 square feet. A large portion of our developments originate from previous clients and referrals demonstrating that our customers are consistently satisfied with our delivered quality, schedule, and value.

This portfolio represents a partial listing of high quality industrial facilities developed by Pattillo Industrial Real Estate for our valued customers. We are happy to provide additional contact information for any of the following projects.
